7: Letter

December 16, 1965

Dr. John F. Davis
Hospital de la Salpetrier
47, Boulevard de l'Hopital
Paris 13, France

Dear Dr. Davis:

Following your open invitation in the latest issue of *Medical Electronics and Biological Engineering*, we would be pleased to respond to your questionaire regarding an international list of scientists in medical engineering. There are two members of the staff here, Dr. Donald Shapiro and myself who are actively involved in such research.

Thank you for your co-operation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
