Dr. Louise Thomson
Executive Secretary
Child Health and Human Development Program
National Institutes of Health
Bethesda, Maryland 20014

Dear Dr. Thomson:

It was kind of you to send me the Project Site Visit Report for the Duke University Research Application. I found the report to reflect my own thinking very well and I believe the conclusions were eminently fair both for the scientists involved and for the NIH programs.

Thank you for the opportunity of reading this report.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
