Jonathan O. Cole, M.D.
Psychopharmacology Service Center
National Institutes of Health
Bethesda, Maryland 20014

Dear Jonathan:

I have just read the memorandum regarding the October 15th meeting of the Committee, and the letter of June 15th from Jim Ewing.

Jim's letter is difficult to interpret, and I am not reassured about the available arrangements for this unit's participation. According to the letter, no person is working in the program full time and while there are an adequate number of people to participate in the program, I have the distinct feeling that the patients will fall between the time shifts of the many investigators.

I believe that it would be important for another member of the Committee to visit this unit at the present time.

Sincerely yours,

Max Fink, M. D.
Director
