Office of Space Sciences
National Aeronautics and Space Administration
Washington 25, D. C.

Re: SC(WAG:nh)

Dear Mr. Greene:

Thank you very much for your letter of August 14, 1963. While I can appreciate the need to make judgments on the basis of limited information, I do believe that we have facilities which may be of value to the biological aspects of the NASA programs.

I shall be in Washington to attend meetings of the NIH Committee on Clinical Drug Evaluation on September 30 - October 1st. I would appreciate the opportunity to discuss our proposal with you personally on the late afternoon of October 1st, as these meetings ordinarily are complete by 2:00 p.m.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M. D.
Director
