Dr. B. D. Holland
Associate Director
Abbott Laboratories, Scientific Divisions
Department of Clinical Research
North Chicago, Illinois 60064

Dear Dr. Holland:

I have delayed answering your letter of some months ago regarding a Phase 2 study of A-10749. This was occasioned largely because I have been in transition and have recently accepted a position as Professor of Psychiatry at the New York Medical College effective in June. It has, therefore, not been possible to undertake new studies during these many weeks.

As soon as the end of the present program is clearly defined, I will submit the material of A-10749 to my present associate who may contact you when they are able to undertake such studies.

Thank you very much for your interest.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
