

February 13, 1964

Takumi Ikuta, M.D.
Department of Neuropsychiatry
Kyushu University School of Medicine
Fukuoka, Japan

Dear Dr. Ikuta:

Dr. Itil and I are pleased to recommend your appointment to the Missouri Institute of Psychiatry and the Psychiatric Research Foundation of Missouri as Research Fellow in Neurophysiology, effective April 1, 1964, at a monthly stipend of \$600. We look forward to having you join our staff and participate in the programs in our laboratory.

The Foundation is also pleased to make available an award of \$550 to defer traveling expenses from Japan to St. Louis. This award is subject to repayment in the event that the appointment is unsatisfactory within the first six months of our relationship. Other conditions are spelled out in the attached form, and I would be grateful if you would return a copy.

If you will indicate when you will arrive in St. Louis, I will do my best to have accommodations available until you can make arrangements for yourself.

My best regards to Professor Inanaga. We are looking forward to having you join us.

Sincerely,

Max Fink, M.D.
Director
