

July 31, 1963

Miss Annemette Deneke  
Missouri Institute of Psychiatry  
5400 Arsenal Street  
St. Louis, Missouri

Dear Miss Deneke:

It is with regret that I accept your resignation from the position of Research Nurse Consultant from the Missouri Institute of Psychiatry September 5, 1963.

Since your joining the Institute on September 1, 1962, you have shown an unusual ability in developing ward programs and in helping in the care of those mentally ill who are severely incapacitated. Your personal interest in the patients has led you to devote many extra hours of work, for which I am most grateful.

During your year here I thought, that both in your associations at the Institute and in your classes at Washington University School of Nursing, you have gained some measure of insight into our nursing practices.

Please be assured that if you wish to return to the Institute I shall be most pleased to have you rejoin our staff at any time in the future. My very best wishes for your continued success.

Sincerely yours,

Max Fink, M. D.  
Director
