Dear Dr. Donesa:

I have read your advertisement in the latest issue of *Riker-Service* regarding an opportunity as internist in a hospital position.

The Department of Psychiatry has recently embarked on a number of study programs as part of the development of a Community Mental Health Center. Among the foci of study are the problems of narcotic addicts. These patients suffer from a wide variety of severe medical illnesses and it has become our intention to develop a medical section devoted to their care and study.

If such an opportunity with participation in an active teaching program is of interest to you, I would be pleased to receive a copy of your curriculum vitae.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
