Dear Dr. de Wied,

I look forward to your visit to New York at the end of June. My present plans for that period allow me to be in New York.

We are presently in a study of OI-63 and the data collection should be well along by then. It will be most interesting to discuss the work and the background.

Please write to me for a specific date. Should you arrive in the city you may reach me in New York at 212-369 8488; or in the evening, at my home, 516 466 5444.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
