Oss, Holland

Dear Alan,

I am planning a trip to Athens for the first week in June, and can, should it be useful, visit London and Dr. Lange; and/or Oss. The easiest arrangements for me are to take the day-time flight from JFK to London on Sunday, June 3, and visit with you in London on June 4, continuing on to Athens on June 5.

Alternately, I could go directly to Athens and visit with you in London on Saturday or Friday, June 8 or 9. This is less sure, for I am not confident about the number of days I will have to spend in Athens.

Should the visit to London for the 4th be agreeable, I still could stop in Oss for a day should that be useful.

Please tell van Lierop that the tapes have arrived in JFK and I will pick them up later this week.

My best regards.

Sincerely yours,

Max Fink, M.D.
