Dr. Ali Keskiner
Missouri Institute of Psychiatry
5400 Arsenal Street
St. Louis, Missouri 63139

Dear Ali,

I was sorry that you did not join Turan on his visit this weekend. We did have an interesting visit and I hope that you will come to New York quite soon.

Enclosed are xerox copies of all the case reports on fluphenazine decanoate patients which were sent to me in late December. I hope these are helpful.

Give my best to all our friends.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
