Dear Dr. Sanchez,

I have read your letter of June 29 and your C.V. with interest. I regret that I cannot personally attest to your ability as an electroencephalographer, as the recommendation to the American EEG Society requires.

I note that you have had experience with Drs. Abrams, Su and Rosen. I am confident that they should be able to attest to your abilities, for surely Drs. Abrams and Su, well trained and modest men that they are, have complied with the requirements of the American EEG Society at some time in their lengthy training periods.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
