Dr. Joseph Jaffe and
Dr. Stanley Feldstein
The William Alanson White Institute
20 West 74th Street
New York, New York

Dear Joe and Stan,

I have just read the latest Newsletter with the description of the linguistic project. I want to thank you for your kind comments.

In reading the article, I note that Stan is now associated with the Beth Israel Project. I was pleased to read this since I have recently become interested, also, in the problems of drug addiction.

You may already have heard that Al Freedman has invited me to join his staff to participate in his drug addiction research program. I am winding up my affairs in Missouri and will return to New York in June.

The EEG data has been analyzed but I have been away so much of the last few weeks that I will not get to collating this material until next week. I should have the analyses done by Christmas and will write to you at that time.

My best regards for the New Year.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
