Rensselaer, New York 12144

Dear Joe,

As I have written, we are now completing the collection of data in the open cyclazocine study. However, there are a number of patients who will continue on cyclazocine during the next two months and I need a small additional supply of cyclazocine placebo and active. Would you be kind enough to send us 1,000 - 0.25 mg cyclazocine placebo and an equal amount of active cyclazocine?

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
