Dear Dr. Pateisky:

The laboratories of the Missouri Institute of Psychiatry, devoted to studies in clinical neurophysiology and psychopharmacology, are interested in participating in the 1965 international meetings. We would be grateful for any further information regarding registration, participation in symposia, and free communications which may be made available from time to time from your office.

With all best wishes for the success of the 1965 meetings.

Sincerely yours,

Max Fink, M. D.
