Dear Dr. Steinbeck:

In the interim since the 7th IBM Symposium, Dr. Shapiro and I have taken this opportunity to review our presentation. Rather than editing the reporter's typescript, we have elected to rewrite our report and are pleased to enclose two copies. For convenience, I have had them bound. One contains a set of original 5 x 7 glossy prints of the figures.

I trust that this is acceptable to you for the proceedings of the meeting.

Dr. Shapiro and I would both like to tell you how much we enjoyed the presentations and our stay at the Homestead. Thank you once again for your invitation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
