

October 1, 1964

Mr. Edward Davis  
Division of Mental Diseases  
Consultant, Psychiatric Social Work  
Jefferson City, Missouri

Dear Ed:

For a number of weeks I have been holding your recommendation of Dr. Norman Polansky and have been unable to process it until I have had a chance to review my budget for the remainder of this biennium. I find that we are full and until I get a clear picture of the probabilities for 1965-67 from the next Governor's budget, I am hesitant to consider any additional appointments except within those programs supported by the Foundation.

Thank you for your recommendation and I believe the best procedure is for me to hold this until I know what my 1965-67 budget probably would be.

Sincerely yours,

Max Fink, M.D.  
Director
