Dear Norm:

It is a pleasure for us to participate in the University programs, and shall continue to make the patient material available to your students. As you may know, Dr. Sol Garfield will be joining both our staff and Dr. Bunch's in June, and I hope that he may facilitate our cooperation.

While I would like to join you on the 27th, I will be out of town. I hope the demonstration is satisfactory.

Sincerely yours,

Max Fink, M. D.
