Dear Noch:

The slides were mailed on March 27, and included ten normal subjects and ten schizophrenic patients. We are holding the code and other information on the patients until Dr. Fessel has completed this study. We can send these to you at any time.

I plan to be in Los Angeles for the APA, and would love to find an excuse to travel up north after the meetings. I will consider bringing my racket.

My best regards.

Sincerely yours,

Max Fink, M.D.
