Dear Paddy,

In the interim of establishing the ketimipramine and the cyclazocine/imipramine studies, we are in need of additional supplies of imipramine tablets (25 mg). Would it be possible to send us 12 bottles of Tofranil 25 mg (100 tablets per bottle)?

Thank you very much for your cooperation with Dr. Bird. I hope that he obtains the necessary documents for you shortly, so that a definitive study can be undertaken.

I note that you will be in Houston at the end of the month. I do not think that I can make this meeting, but one of my associates, Dr. Luigi Bucci, will attend and I have asked him to listen carefully.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
