Dr. H. M. van Praag
University Clinic
University of Groningen
Groningen, Netherlands

Dear Dr. van Praag,

Enclosed is the report on the present status of research into the problem of opiate dependence, from the point of view of theories and practice of biological therapies. If the message is too long, feel free to delete any section that may interest you least,

The report on cannabis psychosis is now at the typist and should be out by Wednesday.

Again, my thanks for your invitation and congratulations on a fine program.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
