

April 17, 1967

Dr. Samuel Irwin  
Department of Psychiatry  
University of Oregon School of Medicine  
Portland, Oregon

Dear Sam,

It was a pleasure to meet with you last week. I did not know of your interest in narcotics and narcotic antagonists and it was most impressive to hear you speak of these substances with an admirable facility.

Enclosed is our recent report on LSD.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
