

October 2, 1968

Dr. Norman Weiss
Chairman, Program Committee
Queens County Psychiatric Society
109-10 Queens Blvd.
Forest Hills, New York 11375

Dear Dr. Weiss:

Thank you very much for your invitation. I would be pleased to address the Queens County Psychiatric Society on Tuesday evening, November 19.

I would like to describe recent experiments in the treatment of various types of mentally ill in a community mental health center, emphasizing the use of new drug forms, placebos, antagonists in narcotic addiction, and the treatment of acutely disturbed users of hallucinogens.

For a title I would suggest either "Psychopharmacology in a Community Mental Health Center" or "Hallucinogens, Tranquilizers and Psychotropic Drugs of the '70s."

I look forward to hearing from you regarding place, and time.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
