Mr. Louis E. Moon, Jr., Director
Narcotic Addiction Control Commission
Executive Park South
Stuyvesant Plaza
Albany, New York 12203

Dear Mr. Moon:

The following is in answer to your inquiry of June 21, 1968.

TR-34: This form is completed when a patient is admitted to Metropolitan Hospital for detoxification and additional treatment.

TR-33: Completed when patient is either discharged against advice, or discontinues the aftercare program by not returning within a month of the date of visit or completes a period of in-patient and out-patient care and we have decided that no further treatment is necessary.

Treatment completed implies that no other services in this institution are deemed useful for the patient.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
