Leonard B. Achor, Ph. D., M. D.  
Associate Director  
Clinical Research  
Sandoz Pharmaceuticals  
Hanover, New Jersey

Dear Dr. Achor:

In order to complete the combined drug study project currently underway here at the Missouri Institute of Psychiatry, we will be needing, before June 1, 95 bottles of Mellaril, Caps 50 mgms, 100's each. The original Batch No. R-006CL is now in use in our study.

Thank you very much for your co-operation.

Sincerely yours,

Max Fink, M. D.  
Professor of Psychiatry
