Dear Mr. Boyer,

Enclosed is a request for 100 grams placebo marijuana and additional supplies of THC-delta-9, and marijuana (2.6% THC-delta-9).

I received a telephone call from Professor Costas Stefanis of the University of Athens who is undertaking acute investigations of hashish, marijuana and THC-delta-9 in chronic hashish users, under N.I.M.H. contract #42-70-98. He requested sufficient supplies to complete an additional six subjects and I shipped these to him from the supplies at the New York Medical College. The material requested with this order is to replace the amount shipped him.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
