A. Russell Lee, M.D.
The Tavistock Clinic
2 Beaumont Street
London, W.1, England

Dear Russ,

I plan to be in London from September 9th through the 12th and am staying at the Carlton Towers. If you are in London during that time please drop me a note there. I would love to get together with you and learn more of the gossip of England.

By now you may have heard that I am leaving New York and following Greeley's advice to go West. In conjunction with Washington University, I am establishing a research center similar to P.I. in St. Louis.

My best regards.

Sincerely yours,

MF:dts

Max Fink, M.D.
