Dear Mr. Hardy,

In response to our discussion on Friday, I am pleased to enclose two items that you requested - the annual financial report of the Association dated June 30th, 1972, and a copy of the March 31st payroll of the Association.

The payroll list is for the Association. A supplementary list for the quarter from the subcontract is due us and I would be glad to send you a copy if you request it. For your information, the titles and salary ranges are listed:

	<u>Range</u>
Fink, Executive Director	- (by negotiation)
Thien, administrative secretary	- \$9,000-\$13,000
Snapper, programmer	- \$12,000
Poinier, research assistant	- \$6,800-\$9,600
Siboney, research assistant	- \$6,800-\$9,600
Kuras, research assistant	- \$6,800-\$9,600
Garcia, EEG technologist	- \$7,200-\$10,000
Schwartz, social worker (administration)	- \$11,000-\$18,000
Swanson, psychiatrist	- \$27,500-\$35,000

These salaries are consistent with the salaries now in force at the New York Medical College, whose salary ranges have been used to negotiate salaries for the Association.

I trust this information is useful.

Sincerely yours,

Max Fink, M.D.  
Executive Director
