Dear Milos,

I know that the visit to Prague was short but it was most enjoyable. At first, I did not think there was enough time to visit the city and also carry out the assignment I had made for myself in visiting different laboratories. I very much enjoyed meeting your associates and both Dr. Fink and Benesova as serious and sophisticated workers. You are indeed fortunate in having their collaboration and advice.

Incidentally, it was kind of you and Dr. Roubicek to have arranged for me to speak to your Society. I have made good use of the honorarium, for at the airport I was able to buy a vase of cut glass which will remain at my home as a reminder of my exciting time in Prague.

I also want to thank you and your wife for your many kindnesses and the fine dinner. I look forward to seeing you in Spain.

My best personal regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
