

April 12, 1966

Dr. Lopez Ibor, President
IV World Congress of Psychiatry
Calle Atocha, 106
Madrid 12, Spain

Dear Dr. Ibor:

While I thought there may be some problem, I did send you three abstracts as requested by Dr. Vallejo Najera.

If the rules of the Congress limit participation, I believe my contribution as an official discussant and in the Round Table will probably be of greater interest both to me and the audience, than the open communication, which I hereby withdraw.

My best wishes for a successful Congress.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
