

F. Letter
66

April 6, 1966

Dr. Emanuel Donchin
Research Associate
Stanford University School of Medicine
Stanford Medical Center
Palo Alto, California 94304

Dear Dr. Donchin:

Thank you for your recent letter. I am pleased to send you a copy of a progress report on our evoked potential studies. This report was prepared for the American Psychological Association and represents some of the data which is now being collected.

Enclosed is also a copy of the report describing our computer programs for on-line EEG analysis.

I hope this is helpful.

Thank you for your interest.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
