

December 3, 1968

Dear Turan and Ali,

Enclosed are draft copies of the summary report of the fluphenazine experiences, as sent to Dr. Rothman for his book, "Changing Patterns in Psychiatric Care". While I anticipate some editorial comments, you may assume that it will be published as submitted. As soon as I know the publisher, I will let you know.

My best regards.

Sincerely yours,

Max Fink, M.D.
