Dear Turan,

Would you kindly send a copy of your report on the rating scale for TV records in psychopharmacological research, to the chairman of this department, Dr. Stanley F. Yolles. He is particularly interested in using TV for monitoring sleep, psychotherapy, and sex therapy. When I described your work to him, he was unacquainted with it.

If you have an extra, send me a reprint also.

Many thanks.

Sincerely yours,

Max Fink, M. D.
