Mr. Philip Sapir, Chief
Research Grants and Fellowships Branch
National Institute of Mental Health
Department of Health, Education, and Welfare
Bethesda, Maryland

Dear Mr. Sapir:

You must know, of course, of my keen disappointment that the committee has not been able to recommend this application for support. The burdens of establishing this research facility have been great, and this seemed the most reasonable way to return to the laboratory.

In the event that reapplication seems feasible, it would be helpful to have any information that the Public Health Service may release regarding the committee's consideration, as ordinarily may be included in the "pink sheet".

Thank you very much for your consideration.

Sincerely yours,

Max Fink, M.D.
Executive Director

MF/jb
