Whitmore Jensen, Vice President
Ayerst Laboratories
685 Third Avenue
New York, New York 10017

Dear Mr. Jensen:

It is with regret that we must part - I have enjoyed Ayerst's letters and the novel manner of sending them. The first day covers were attractive, (I have them all, although I am not a philatelist) and brought your message promptly to my attention.

Ave atque vale!

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
