Dr. Donald F. Klein  
Hillside Hospital  
P. O. Box 38  
Glen Oaks, New York

Dear Don:

Enclosed is the listing of the original Hillside Hospital data as we have on our tapes. The code sheet identifying the items is enclosed.

In addition, we already have tapes which give us differences between pre and post on each of these items, and different scores calculated from a common regression for all three treatments.

If there is anything else we can do here, please let me know.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry

Dr. Robert L. Kahn  
Department of Psychiatry  
Montefiore Hospital  
Bainbridge & Gun Hill Roads  
Bronx, New York

Dear Bob:

I was so pleased with the results of the Tri-Hospital paper, and stimulated by my review of the EST Program, that I pulled out this old report and have had it re-typed. Would you read it with your 1965 eyes and see if it is worthwhile to submit to one of the psychiatric journals?

I do not know if this letter will reach you in New York or in Chicago. I hope you will be happy in your new position and I look forward to visiting with you the next time I have reason to be in Chicago.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
