Dr. Monique Broude
Division Narcotics and Drug Abuse
National Institute of Mental Health
5600 Fishers Lane
Rockville, Maryland 20852

Dear Monique:

I am enclosing two BND forms 222-C for drugs needed in our ongoing studies.

We are requesting 5 grams of recrystallized heroin to continue our heroin challenges in studying the duration of action of specific narcotic antagonists.

I am also requesting crystal (dry) cannabidiol, cannabinal, Δ-THC, and Δ-9-THC. We are examining the urines of the volunteers of the cannabis study and the cooperating chemist, Dr. Walter Essman, needs these pure substances as standards for analyses.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
