

*J. Letter
Mancel*

February 25, 1964

Mr. John Mark Samet
Phi Epsilon Pi House
Lexington, Virginia

Dear Mr. Samet:

I have discussed your letter with my associates, and I regret that we are not able to commit ourselves at the present time regarding a summer position.

I expect three new scientists to join the staff within the next two months, and it is possible that with their coming and the new programs launched, we would be pleased to have a summer Fellow.

The best I can suggest for the present is that you call me near the end of May, and I can let you know if an opening has developed.

Thank you for your inquiry.

Sincerely yours,

Max Fink, M.D.
Director
