Dear Dr. Papapetropoulos:

Since receiving your letter requesting information regarding a research and teaching fellowship, I have inquired as to the possibility of creating such an appointment beginning the date you requested, January 1967. Such positions are planned, but none are available on that date.

The clinical staff of the institution is expanding, however, and a number of new treatment programs are established. Each one requires extensive evaluation. If an appointment in the Department of Psychiatry in one of the clinical programs may interest you, I would be pleased to process this further.

Thank you for your inquiry.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
