Dear Dr. Klett:

We would be pleased to send a representative from these laboratories to the Tenth Annual Conference of VA Cooperative Studies in Psychiatry. Would you please arrange to send me a copy of the program as soon as it is established?

Recently, I had the occasion to see a copy of one of the reports issued from the Central NP Research Laboratory at Perry Point. It was Number 59, dated May, 1964, by Honigfeld and his co-workers. Is it possible for me to receive a copy of this report, and a list of other reports that may be publically available, so that we may request those that are relevent to studies in this laboratory?

Many thanks for your cooperation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
