Mr. C. Joseph Stetler, President
Pharmaceutical Manufacturers Association
Foundation, Inc.
1155 Fifteenth Street, N.W.
Washington, D.C. 20005

Dear Mr. Stetler:

During the past few years we have established a program in clinical psychopharmacology in this Department of Psychiatry. Among our students is one, Dr. Arthur M. Zaks, who has demonstrated an unusual talent in clinical pharmacology, both as a resident physician and since July as a Research Fellow. We wish to encourage additional training and his development as a research scientist.

I am writing to request information and application forms that may be available for our participation in the faculty development award program of the PMAF.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
