Dear Mr. Gelernter,

I have hesitated to answer your letter as we have had some difficulty in deciding what our summer schedule will be.

At this time it is unlikely that we will have a project in progress for which your participation would be suitable. I would recommend that you seek another laboratory in which to continue your interests during the summer. It will probably be more rewarding.

Should you be on the campus this spring, come visit.

Thank you for your interest.

Sincerely yours,

Max Fink, M.D.
