Dear Dr. Lowry,

The report presented at the Western Institute was a synthesis of data collected at our study units and presented in various papers, some published and some in press. The most recent summary is that prepared for Dr. Phillipson's volume on drug dependence, entitled "Antagonists in the Treatment of Opiate Dependence".

Additional reports are enclosed as background material.

Thank you for your interest and for the excellent review of the LSD and hallucinogenic problems in California.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
