Dear Jose,

I was sorry to hear that the arrangements for the move to New York did not work out. I enclose a copy of the report which you requested.

During the past year, I have curtailed my travel since I have been away from my laboratory more than it could bear. If you wish to arrange a lecture in Jackson, I would make the time in the late spring of 1980 or the early fall.

Thank you for thinking of me. My regards.

Sincerely yours,

Max Fink, M.D.
