Craig Burrell, M.D.
Sandoz Pharmaceuticals
Hanover, New Jersey

Dear Craig,

Some time ago you requested some information regarding our studies of thioridazine and thiothixene, and I regret that the letter was misplaced until this week. The information is enclosed, and should you wish additional data, I will not allow the same fate to this request.

I trust the information may be of interest.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
