Dear Dr. Shannon:

We have read your description of the Stat-Pack in a recent issue of the ACN Communications with great interest. Many of the programs listed in table one interest us and I would be grateful for a copy of your users manual. When we have had an opportunity to read this, I would like to write to you to obtain the microfilm write-up and a tape. What are the approximate charges for such a service?

Thank you.

Sincerely yours,

Max Fink, M.D.
