Professor & Chairman
Department of Psychiatry
New York Medical College

Dear Al,

Enclosed is a copy of your nomination for the 1988 McAlpin Award.

It may be helpful if another letter is sent. If you will suggest names of leaders outside the Department who may also send a letter, I will contact them. I think of Leon Eisenberg as a long-standing friend, or Milton Greenblatt. Have your secretary call me at 516-444 2929 so that I can do what needs to be done, before the end of June.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
