Mrs. Phyllis Lashins
Mental Retardation Service, Ward 24
Bronx State Hospital
1500 Waters Place
Bronx, New York 10461

Dear Phyllis,

It was kind of you to send me the article from Mexico City. We are still trying to find the programs and so tried a press approach. The variety in the reports is interesting.

Our ECT studies are continuing, although slowly. We have moved from Gracie Square to Metropolitan and so see your father rarely. He told me of your appointment, and I hope the work interests you.

Thanks again.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
