Dear Dick,

On the off chance that they will accept something like this, I have sent this abstract to meet a deadline. Please edit one and return it to me. I hope you will agree to share this presentation. (Note that I am not insisting that the use of cyclazocine has evidence of extinction - I hope to discuss this and work it out with you in the next few months. The operating word is "examination").

Sincerely yours,

Max Fink, M.D.
