Dr. Jonathan O. Cole
National Bank Building
6917 Arlington Road
Bethesda, Maryland

Dear Jonathan:

I am faced with a number of technical and administrative questions with regard to the preparation of a grant application from the New York Medical College for the re-establishment and development of an analytic program for "EEG and Human Psychopharmacology." Rather than spend the time on the telephone or in letter, I believe we both will be in Atlantic City for the meetings next week. I am planning to arrive Tuesday afternoon and will be available Wednesday and Thursday. Except for my presentation on Thursday at 2:00 p.m., I can set aside any time on the rest of the schedule.

I would be grateful if you would indicate a half-hour that we might get together in the privacy of your room to assist me in the preparation of this project application.

Many thanks.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
